

- (1) You will be introduced to 2 new algebra methods that you will use for working with polynomials and then be introduced to 2 useful theorems that apply to working with polynomials
- (2) So make notes of key points & copy examples & diagrams from: (45 - 50 minutes)
- Division of Polynomials → <http://www.onlinemathlearning.com/long-division-polynomial.html>
 - Synthetic Division of Polynomials → <http://www.onlinemathlearning.com/synthetic-division.html>
 - Remainder Theorem → <http://www.onlinemathlearning.com/remainder-theorem.html>
 - Factor Theorem → <http://www.onlinemathlearning.com/factor-theorem.html>
