

Unit 2 – Linear Equations – Portfolio 2 – Applying Linear Equations

Final date for this Lesson work to be submitted is

Layer	Task	Task Notes	Points	Earned
Common Tasks (6 required)	1. Homework/Classwork Check	Give your classwork/homework to a student with whom you do not normally work. You will check each other's answers to the textbook questions.	5 points	5 points
	2. Make a Movie	You will make a video of an explanation of your solution to a homework/task question. Use the white board or notebook in your solution presentation.	5 points	
	3. Oral Defense	For any work in the P, M, E layers and Homework, come and explain your solution to me.	5 points	5 points
	4. Graphing Technology	Show me how you can use the TI-84 graphing features to solve linear equations	5 points	
	5. Performance	Write a rap/song/poem in which you create, present and solve your own word problem (may be combined with a movie as you show me a movie of your problem)	5 points	
	6. Make a Poster	Make a poster showing a detailed solution (complete with multiple representations) for one of your word problems.	5 points	
Proficiency	Solving Linear Eqns	1. Complete Textbook Questions: See HW Grid 2. Complete the Worksheet .	37 pts 25 pts	"A" Level
Mastery	Solving Multi-step Linear Eqns	1. Complete Textbook Questions: See HW Grid 2. Complete the Worksheet .	36 pts 30 pts	"A" Level
Expert	Solving Multistep & Literal Linear Eqns	1. Complete Textbook Questions: See HW Grid 2. Complete the Worksheet .	35 pts 35 pts	"Studies" Level
