As requested, I am putting the video of the recorded lesson into our shared google folder ==> (address link below) https://drive.google.com/drive/folders/12SwzmIuNrofSFnJxpHtQ67tCcCTp7LSN Second item is how I want the problem sets submitted. Here is a set of instructions for submitting Problem Sets ==> they need to be scanned into pdf form (NO PHOTOS) ==> Go to any APP store and get the FREE app like "Scanbot," or "Camscanner". I have downloaded Scanbot . Then use your phone to take pictures of your work using the SCAN APP and make sure to export it as ONE pdf. The naming convention on the file name is first name last name ps# ==> for example mrsantowskiPS41
